BUILDING & CONSTRUCTION INDUSTRY IN KENYA & EAST AFRICA

Kenya and East Africa are witnessing rapid growth in construction, infrastructure, urban development and real estate, creating significant opportunities across the building sector. Growing demand for modern building materials, construction technologies, sustainable solutions and climate-resilient infrastructure is transforming the regional market. From residential and commercial projects to industrial and public infrastructure, the region offers a dynamic platform for business, investment and collaboration. Build Connect Africa connects global industry leaders with the key stakeholders, decision-makers and emerging opportunities shaping East Africa's built environment.

AFFORDABLE HOUSING - THE OPPORTUNITY

Kenya's Housing Deficit Creates Massive Market for Green Construction Solutions

2M+
HOUSING UNIT
DEFICIT IN KENYA

- ▶ 250,000 new units Needed Annually
- ▶ 80% demand from middle & lower income
- ▶ Green timber homes cost 30% less
- ▶ Government targets 500K units by 2027

Affordable Housing Construction Units Delivered (Kenya)

OPEN TO SKY (OUT-DOOR)

- ⇒ Minimum Stall size 30 SQM.
- ⇒ Marquee tent of 6m X 3m.
- ⇒ 1HP single phase Power connection.

EXHIBITOR PROFILE - BUILDCONNECT AFRICA

- Building Materials
- Ceramics, Tiles & Sanitaryware
- Hardware & Fittings
- Marble, Granite & Stone
- Paints & Chemicals
- Construction Machinery & Tools
- Smart Home & Automation
- Sustainable & Green Products
- Laminates, Plywood, Panels Manufacturer
- Pre-Lam Boards And Other Versatile Interior
- Decorative Surfaces
- Doors Manufacturers
- Semi-Finished Products For Cabinetry, Kitchen, Office And Modular Furniture

VISITOR PROFILE - BUILDCONNECT AFRICA

- Dealers
- Interior decorators
- Distributors
- Builders
- Architects
- Real estate companies
- Hoteliers
- Contractors
- Large retailers
- Manufacturers
- Importers / Traders
- Investors
- Contractors
- Government Officials
- Academics & Research Project management companies
- Furniture Manufacturers
- Furniture Fittings
- Forestry Officials
- Manufacturer of Wood Based Articles

KICC (Kenyatta International Convention Centre)

- KICC is the largest Convention centre in Eastern Africa with the capacity to hold a large number of delegates. Our largest room, The Tsavo ballroom has the capacity to host over 4000 delegates. KICC boasts of state of the art all round facilities such as simultaneous interpretation Equipment (SIE) with the capability of translating upto 7 languages, a modern business center, banking facility, Expansive grounds, ample and secure parking
- The Kenyatta International Convention Centre has well trained and professional employees who are happy to help and give you a world class experience.

ABOUT RADEECAL COMMUNICATIONS

- Radeecal Communications has established as one of the most successful exhibition organizers in India and Kenya.
- The repertoire of our events include exhibitions, trade shows, seminars and conferences, on various industries such as Agri, Plastic Expo, Engineering Trade Show, Waste Management Exhibition, Technical Textiles, Logistics, Hardware, Medical & Ceramics Industries.
- Our team of expert operational staff is known for delivering reliable outcomes consistently. Exhibitors, sponsors & visitors are assured of unmatched value for their time and money spent at all our events.

ABOUT MINISTRY OF ENVIRONMENT CLIMATE CHANGE AND FORESTRY

Kenya's Ministry of Environment, Climate Change and Forestry plays a key role in shaping the country's environmental sustainability, climate resilience and forestry agenda. Through policy development, environmental conservation, climate action and sustainable resource management, the Ministry contributes to building a greener and more resilient future for Kenya.

MINISTRY OF
ENVIRONMENT
CLIMATE CHANGE
& FORESTRY

DRIVING KENYA'S DEVELOPMENT AGENDA

1. GREEN & SUSTAINABLE CONSTRUCTION

Promoting awareness and adoption of environmentally responsible building materials, technologies and construction practices.

2. CLIMATE-RESILIENT INFRASTRUCTURE

Connecting the construction and infrastructure sector with solutions that can contribute to resilient buildings, communities and urban development.

3. SUSTAINABLE USE OF NATURAL RESOURCES

Encouraging technologies and products that support efficient use of materials, energy and natural resources.

4. FORESTRY & TIMBER VALUE CHAIN

Creating linkages between forestry, timber, wood processing, furniture and allied industries, supporting value addition and responsible utilisation of forest resources.

5. CIRCULAR ECONOMY & RESOURCE EFFICIENCY

Providing a platform for solutions related to waste reduction, recycling, material efficiency and sustainable production.

6. AFFORDABLE & SUSTAINABLE HOUSING

Supporting dialogue around innovative, cost-effective and sustainable construction solutions relevant to Kenya's housing and urban-development requirements.
